Local Regulations

General

These apply to Junior, Open, and Senior Citizens.

1. Any Marinette County resident is eligible to become a Marinette County Fair Association member with voting privileges at the annual meeting, which is held in October, upon payment of required dues by last day of fair at 5:00 pm (to be eligible to vote at annual meeting)
2. Only Marinette County residents may exhibit at the Marinette County Fair unless otherwise specified in supplementary regulations. (Can be out of county if in Marinette County Youth Group)
3. Exhibits may be entered only in the name of the person whose skill is exclusively represented in the exhibit, and has been applied to the exhibit this year unless otherwise specified in supplementary regulations.
4. Violation of any Marinette County Fair regulation will result in premium payment forfeiture.
5. Judges have been carefully selected: exhibitors accept these judges, and agree to abide by their decisions. Protests upon any other grounds, or against other than judges, must be submitted in writing on the same day in which protested action was taken, to the department or superintendent concerned, who shall present such protest to Marinette County Fair officials. Persons filing protest must deposit \$5.00 to be forfeited if not sustained in complaint.
6. All non-animal exhibits must be in place on the grounds and properly entered before 8 pm on Wednesday (day before the fair) unless otherwise specified in the supplementary regulations. Face to face judging on Wednesday will be from 12-8 pm with face to face judged exhibits entered no later than 8 pm.
7. An exhibitor attempting to influence a judge in their work in any manner shall forfeit all premiums awarded and will be excluded from further competition. When exhibits are not deemed worthy, judges will refuse to award premiums, whether there be competition or not. When respectively questioned, judges are expected to give reasons for their decisions, stating what constitutes special points of excellence in the class being considered, and pointing out the superiority of one over another. Judges will make their report of awards to the department superintendent, properly signed, without delay, after awards are made. Judging starts promptly at the times indicated in the program, therefore all entries must be in and properly listed in the judge's book before judging begins.
8. After arrival at the fairgrounds, all exhibits are under the supervision and control of Marinette County Fair officials. Reasonable care will be taken to provide against loss or injury to exhibits, but the Marinette County Fair will not be responsible for them.
9. Exhibits other than livestock shown at a previous Marinette County Fair may not be entered this year unless otherwise specified in supplementary regulations.
10. The Marinette County Fair Association is not responsible for any personal injury or accident sustained by exhibitor, employee, volunteer worker, or patron.
11. Supplementary regulations located elsewhere in the premium list apply to Open Fair, Youth Fair departments, divisions, and classes must be observed by the exhibitor.
12. Exhibit buildings close each day at 10:00 pm Thursday through Saturday.
13. Animals sold at auction leave at 4:00 pm on Sunday. Exhibits (including decorations) must remain in place at the fairgrounds until 5:00 pm of the last day of the fair unless otherwise specified in supplementary regulations. Exhibitors violating this regulation forfeit premiums on all exhibits shown and are barred from exhibiting in the succeeding year.
14. If, in the superintendent's opinion, livestock is not properly cared for at the fair, premiums will be withheld.
15. Judging will begin with Junior Livestock exhibits.
16. No dogs allowed on the fairgrounds during the fair. The only exceptions to this are service dogs.

Open Fair

1. Livestock exhibits must be owned or managed by the exhibitor at least 60 days before entry day, unless specified otherwise in supplementary regulations.
2. Each exhibitor may receive no more than one premium in each lot.
3. Exhibitors must be six years old to be judged against other entries.

Junior Fair

Youth Livestock exhibitors must be in their grade unless specified otherwise in supplementary regulations.

1. Youth Fair exhibitors are limited to Marinette County youth groups and under adult leadership.
2. Youth Fair exhibitors may enter only one exhibit in each lot.
3. Youth fair entry blanks must be in the Extension-Marinette County office by **July 7 for the fair. Entries are not accepted after this date.** Pick up entry tags at the fair office on the first day of the fair.
4. 4-H exhibitors must have been enrolled in club work by May 1 of the fair year.
5. All animals must be shown by the exhibitor unless special permission is granted by the superintendent of the department.
6. Livestock exhibited must be owned or managed by the exhibitor.
7. The Danish system of judging is used unless otherwise specified in supplementary regulations.

8. Youth Fair exhibitors may exhibit in Open Fair but not the same exhibit unless otherwise specified in supplementary regulations.
9. Youth exhibitors who drink or have drugs on the grounds or who have been removed from the dorm for disciplinary reasons lose their right to exhibit during the current fair and no premiums will be paid for the current exhibiting year.
10. **Animal Grooming – responsibility for grooming animals for show is the responsibility of the exhibitor.** In keeping with this fact, the following rules will be observed.
 - a. Clipping, trimming or blocking (all species) by anyone other than the exhibitor or immediate family will not be permitted at this show. Violation of the rule automatically disqualifies the exhibitor and shall result in forfeiture of all premium monies.
 - b. Any inappropriate appearance altering – coloring, surgery, addition of hair, or treatment (medical or physical) (external or internal) SHALL RESULT IN DISQUALIFICATION of the exhibit and/or exhibitor as the proper authorities shall deem appropriate.
 - c. Any equipment or inappropriate attire on an exhibitor or an animal judged by the division superintendent to be detracting from the appearance of the show shall be changed upon request. For clarification, review the 4-H literature for dairy, beef, sheep, and swine fitting and showing.
 - d. In the dairy and beef show ring, exhibitors may use the traditional show halter, show sticks, and appropriate combs. Throat straps and nose leads will not be permitted.

Animal Health Regulations for Fairs and Shows in Wisconsin: 2026 Season

This is a summary of animal health requirements for fairs, shows and exhibitions only. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so you should always check our website (<https://datcp.wi.gov/>) or contact us for current information. Fairs or exhibitions may have additional requirements. Exhibitors should contact the event organizers for more information. Ref. s. ATCP 10.87, Wis. Admin. Code

General Requirements for Show Organizers

All fairs or exhibitions of any length must obtain, review, and keep for five years all required records and test results:

- Exhibitor's name and address
- Animal identification (number, type, description, and, when required, official identification (see requirements for different animals below))
- Documents showing compliance with disease testing and other health requirements
- Livestock premises number, if any, where animals originated
- Documentation showing legal importation to the event (if applicable) and, when required, movement to the event (see requirements for different animals below)
- For swine, a record of any swine transported directly to a slaughtering establishment
- For swine, a record of any swine transported to an animal market where all animals sold at the market sale for that day were shipped directly to a slaughtering establishment

Fairs or exhibitions lasting more than 24 hours must appoint a licensed veterinarian to inspect all animals daily.

Note: Except in specific circumstances, if an animal already bears an official 840 eartag, that eartag must not be removed and additional official eartags must not be applied. Instead, the existing eartag must be read and recorded when a record of that animal is required. (Ref. s. ATCP 10.045, Wis. Admin. Code)

These regulations apply to all fairs and exhibitions, including additional events (like rodeos, shows, or other organized events) that occur in conjunction with the fair.

Diseases

Lactating Dairy Cattle: Effective April 29, 2024 and June 19, 2024 respectively, all lactating dairy cattle moved interstate and lactating dairy cattle moved to fairs, shows, and exhibitions in Wisconsin are required to have a negative influenza A test from a milk sample collected within seven (7) days of movement. For more information see: DATCP Home Highly Pathogenic Avian Influenza (H5N1) in Dairy Cattle (wi.gov)

Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving or be subject to other action as would be necessary to control disease. (Ref. s. ATCP 10.08(1), Wis. Admin. Code)

Bovine animals with ringworm, mange or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.

Cattle and Bison

Cattle and bison FROM WITHIN WISCONSIN: Effective June 19, 2024, all lactating dairy cattle are required to have a negative Influenza A test on milk samples collected within 7 days prior to movement to a fair or exhibition. Official ID is required for influenza testing.

No test is needed for nursing foals accompanying negative dams. Documentation may be:

Poultry and Waterfowl

(Pigeons are not considered poultry for fairs and shows)

Poultry and waterfowl from within Wisconsin need: ONE of the following

- For eggs and birds of all ages, an NPIP certificate stating the flock of origin is a US pullorum-typhoid clean and for turkeys a Mycoplasma gallisepticum clean flock or NPIP affiliate flock or
- For eggs and birds of all ages, documentation the flock of origin is a WI Tested Flock and has tested negative for pullorum-typhoid and for turkeys Mycoplasma gallisepticum, or
- For eggs and birds of all ages, documentation the flock of origin is a WI Associate Flock, or
- For sexually mature birds (turkeys over 6 months, all other birds over 4 months), individual tests within 90 days before arrival at the show. These birds also need wing or leg band identification (ID). All birds must test negative for pullorum-typhoid, and turkeys must test negative for Mycoplasma gallisepticum. After testing there can be no change of ownership or commingling with other birds that are not part of the flock except at other shows/fairs. Eggs and sexually immature birds are not eligible for individual testing and cannot be shown unless they originate from an enrolled NPIP, NPIP affiliate, WI Tested, or WI Associate flock.

Note: Flock of origin means the flock in which the birds currently reside, likely the exhibitor's flock. Once purchased birds are added to the buyer's flock, even if the buyer's flock only consists of one or just a few birds, the buyer's flock is the flock of origin and that flock must meet NPIP or WI Tested or Associate Flock status to avoid individual bird testing for shows/fairs.

ALL birds in a flock with status must meet the requirements. Existing flocks lose their status when new additions do not meet requirements.

Poultry and waterfowl from outside Wisconsin (Ref. s.ATCP 10.42, Wis. Admin. Code) need a certificate of veterinary inspection (CVI or health certificate) or equivalent (such as form VS 9-3) specifically showing movement to the fair or show that states:

- For eggs and birds of all ages, they originate from a flock classified pullorum-typhoid clean and for turkeys Mycoplasma gallisepticum clean under NPIP or an equivalent program, or
- For sexually mature birds, they have tested negative for pullorum-typhoid (and Mycoplasma gallisepticum for turkeys) within 90 days before arrival at the show. These birds also need wing or leg band ID. Eggs and sexually immature birds are not eligible for individual testing and cannot be shown unless they originate from an enrolled NPIP or equivalent program flock.

Not required:

- Import permit number

Requirements are subject to change as conditions warrant. For current information, check https://datcp.wi.gov/Pages/Programs_Services/PoultryMovement.aspx.

South American camelids: llamas, alpacas, guanacos, vicuñas

South American camelids from within Wisconsin have no requirements.

South American camelids from outside Wisconsin (Ref. s.ATCP 10.85, Wis.

Admin. Code) must have a certificate of veterinary inspection (CVI or health certificate) and official individual ID. Official ID may be:

- Approved USDA ear tag number
- Microchip number
- Breed association registration number
- Breed association tattoo

- (a) The state aid authorized by s. 93.23 (1), Stats., may be paid on net premiums paid by a county or district fair. The department may withhold state premium aid from any fair that does not enforce animal health provisions under ch. ATCP 10 that are applicable to animals exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.
 - (b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify action taken by a local fair.
 - (c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition of the organization or for any other reason.
 - (d) State aid may be paid on no more than 2 premiums awarded an exhibitor under one premium or lot number in open division individual livestock classes, except poultry and rabbits, and no more than one premium in all other classes, including poultry and rabbits.
 - (e) No county or district fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same county or district fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.
 - (f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.
- (2) PREMIUM LISTS. (a) Premiums for which state aid is requested by county and district fairs shall conform with the uniform premium list and other requirements set forth in these rules. Fairs requesting state aid for net premiums shall submit to the department a printed copy of the premium list used at the fair, as required under s. ATCP 160.92 (3) (c).
- (b) The officers of each fair shall mail a copy of the premium list to other associations, societies, or boards conducting a fair in Wisconsin upon request.

- (3) ENTRY FEES. (a) A county or district fair may charge an exhibitor an entry fee. In lieu of an entry fee, a county or district fair may charge stall rents for horses, cattle, sheep, goats, swine, poultry, rabbits or pets.
- (b) Exhibitors in department 35 shall not be required to purchase an exhibitor's ticket. Any other exhibitor may be required, if no entry fee is charged, to purchase an exhibitor's season ticket at a price not to exceed that charged for a non-exhibitor's season ticket.
 - (4) SPLIT FAIR DATES. (a) For purposes of this subsection, "split fair dates" occur when a fair organization judges exhibits or contests and pays premiums at more than

one time or at more than one location during the calendar year.

(b) Except as provided under par. (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split fair dates only if the fair organization justifies the split dates based on extreme hardship. If the department approves split dates, all blue ribbon winners shall repeat their demonstrations or exhibits at the regular fair dates unless the department grants a hardship exemption. Authority for earlier removal may be granted by the department in case of meat animal sales or other special classes, if requested before the beginning of the fair. In other hardship cases, approval may be granted by the local fair. Exhibits in dog obedience and small animal pet classes may be judged during the regular fair but are not required to remain present during the entire fair. The local fair may prescribe the length of time junior fair exhibitors of horses shall keep their animals on the grounds.

- 900# maximum weight

- May be steer or beef heifer
- Dehorned, castrated, and healed
- Born no earlier than January 1 of the previous year Recommended minimum weights:

It is recommended that beef animals be haltered and able to be walked onto the scale. The exhibitor and/or their family must be able to unload their animals at weigh in.

In the case where no initial weigh in is allowed, photos of each animal with RFID and 2nd tag visible and in the ears of the animal will be required and must be received by the Livestock Committee designee by the originally scheduled weigh in date and time. There must also be a photo of the animal with the exhibitor.

ADDITIONAL BEEF INFORMATION

Beef Breed and Dairy Breed steers will be judged separately. Dairy breed steers will consist of purebred or cross-bred steers of Holstein, Guernsey, Jersey, Ayrshire, and Brown Swiss lineage only. Any steers not from these 5 breeds must be shown in the beef breed classes. Unless noted, further references to 'steer' refers to both Beef Breed and Dairy Breed animals. Exhibitors can weigh in both Beef Breed and Dairy Breed steers at initial weigh in and at fair weigh in, however one animal must then be selected for the Livestock Performance Contest and Sale. This must be done prior to ultrasound. The other steer will not be allowed to ultrasound for the contest and must be judged in a market class.

BIDDER SHEETS

Each exhibitor will be required to submit bidder sheets from 2 different potential bidders (completed by the potential bidder) per species intending to compete in the performance contest and possibly in the auction sale.

Immediate family members cannot submit bidder sheets from duplicate bidders. To be eligible for sale, bidder sheets MUST be turned in at or before the August Livestock Committee meeting. Meeting is typically held the first Monday of August at 7:00 pm.

FAIR

Animals will be weighed on fair entry day to determine show eligibility and rate of gain. Each exhibitor will get two chances to make minimum weight per animal. Once an eligible weight has been made, the animal cannot be re-weighed. Weigh in and ultrasound schedule will be set prior to the fair, according to species. It must be declared at weigh in which animal will be used for ultrasound for each exhibitor. No animals will be wet going into weigh in or ultrasound.

SALE STANDARDS

To be eligible to sell at the youth livestock auction, final sale standards must be met.

Swine- Minimum lean muscle percentage of 48%

- Minimum weight- 220#
- Minimum Rate of Gain- 1.7#/day
- *In case of no initial weigh in, maximum weight is 325#

Sheep- Minimum boneless retail cut of 44%

- Minimum weight- 90#; no maximum
- Minimum Rate of Gain- .55#/day

Steer- Yield Grade #1, #2, or #3 AND Market Grade Select or better

- Yield Grade #4 AND Market Grade High Choice or better
- Minimum weight- 1000#; no maximum
- Minimum Rate of Gain- 2.2#/day

Goat- Market Grade Good or Choice

- Minimum weight- 55#; no maximum
- Minimum Rate of Gain- .25#/day

Rate of gain will be calculated and rounded to the nearest hundredth of a pound on all species as soon as possible after an animal is weighed in.

When available, ultrasound scanning at the fair will be used to determine lean muscle percentage, boneless retail cut, and Yield and Market Grades. If these criteria are not able to be calculated from ultrasound data, the nearest equivalent measures will be calculated and used as carcass rank determinant, as approved by the Livestock Rules Committee consensus.

LIVE PERFORMANCE JUDGING

1. Each exhibitor must participate in the showmanship class for species selling at the sale.
2. Exhibitors must show their own animal in the live judging performance class. Any exceptions must be approved by the Fair Association Board of Directors or their designees.
3. Steers, wethers, goat kids, or barrows showing masculine coarseness or evidence of late and/or incomplete castration will be discriminated against by the judge.
4. Any animal that becomes wild and uncontrollable any time during the fair may be declared ineligible by the judge or by the Department Superintendent.
5. All market animals must be shown alive to be eligible for carcass awards and premiums.
6. The show judge is authorized to eliminate unclean animals or participants from the show. Animals eliminated from the show are ineligible for sale.

AUCTION SALE

1. The sale will be held the Friday of the fair at 7:00 pm.
2. All eligible animals must be sold.
3. The Livestock Committee will arrange for a local market outlet to purchase sale eligible animals not bought at sale and will be purchased at the current market rates.
4. Exhibitors may buy back their own animals but must pay all sale commissions.
5. Once an animal is sold, it becomes property of the buyer. However, the exhibitor has the responsibility of caring for the animal until it leaves the fairgrounds on the last day of the fair. The Livestock Committee will arrange for transport of animals to a designated slaughter facility or arrange for small animal slaughter. Any buyers wishing to have their animals processed at a different facility are responsible for arranging transportation and its cost.
6. Stamped addressed, hand written thank you card to exhibitor's buyer and copies of project record sheets are to be turned in to the Livestock Committee or their designee at or before the September Livestock Committee meeting. Checks will be distributed when all requirements are met.
7. A sales commission of 7% will be charged by the Marinette County Fair Association to offset costs incidental to conducting the sale and show.
8. One member from the family or friend must be present for set up or take down at the auction.
9. All exhibitors must sign a waiver declaring the Marinette County Fair Association free and clear of financial responsibility for the failure of a successful bidder to pay the Association for a purchased animal at the sale. In such case, the Association will waive the exhibitor's responsibility for the 7% auction commission.
10. All exhibitors and their parent or guardian must sign a form attesting to proper withdrawal of all additives and injections administered to the animal being shown. All animals going to slaughter may have tissue samples collected and submitted to the state laboratory by the state meat inspectors. The exhibitor will pay the sample analysis fee.

Entries are timed. Regular Judging

Exhibitors may show up to 2 (two) exhibit animal/s per lot number within each class letter, for Friday and Saturday classes. (this rule excludes Halter, Ranch Confirmation, all types of Pleasure Classes and any other classes that have more than 1 exhibitor in the arena at a time, for these types of classes, exhibitor can only show 1 exhibit animal per lot number).

SEI approved safety helmets (with chin strap securely fastened) must be worn when exhibitor is riding in the gymkhana events.

Exhibit animal out of control of exhibitor, going to crash into gate or wall of arena may result in disqualification of that class (handled case by case by the Horse Barn Superintendent with escalation to the Fair Board for a decision if necessary).

Use of humane bats with rounded leather end or hand shape and hand quirts will be allowed behind the cinch only. No abusive conduct will be permitted and will be disciplined at the Horse Barn Superintendent/Fair Boards discretion. Whips, over & unders are not allowed during Gymkhana or Fun Day.

Spurs need to be of the un-roveled type and must be approved by the Horse Barn Supt before using.

There will be a maximum two-minute time limit per rider on each of the games.

Time starts when exhibitor/horse combo cross through the gate.

Western saddle is required during Saturday's speed showing.

All times will be posted after the conclusion of the show day.

During the speed show, the exhibitor may lead the exhibit animal in and mount inside the arena, if the exhibit animal is lead in, the exhibitor may ask for a header to hold the exhibit animal while mounting, but cannot start the run until the header is out of arena and the gate is closed. The exhibit animal may be led up to the plane of the gate, with the exhibitor riding, by a header but the header may not cross the plane of the gate.

Best of Show Grand and Reserve Awards – will be determined by averaging all times recorded resulting in a placing, for each exhibitor/exhibit animal combo per class (with a maximum potential of six (6) recorded times per combo), the awards will be presented by the end of the show day.

STRAIGHT LINE, CROOKED COURSE COMPETITION RULES

- 1) Course: Only one team will be allowed on the course at a time. Each team will run the course two (2) times. Teams will be assigned a course for Run #1 and then they will move to the other course for Run #2. All teams will make their first run before attempting their second run. Teams may start from either end of the course. The team handler must inform the Gate Keeper which end they will start from.

- 2) The handler should be keeping pace alongside the course but can step on or cross the course between jumps if needed.

Handlers may not stand behind their rabbit on the run or step over any of the jump rails and posts.

- 3) First and Last Jumps: These two jumps are considered free jumps and no faults will be counted on either jump. Lifting the rabbit over the last jump will not count as a fault but the handler cannot lift the rabbit until it reaches the marked lift line.

Corrections and faults will be counted between the run space after the first jump and the lift line before the last jump.

- 4) Rabbits must hop through the course on their own free will. The handler may guide a rabbit forward by using a gentle touch on the back or rib area but may not yell or stomp feet to force the rabbit to hop.

- 5) The lead/leash cannot be held closer than 24" from the back of the rabbit and must remain loose as the rabbit passes over a jump.

- 6) The course is considered complete and the clock is stopped when the rabbit has touched all four feet on the ground after clearing the final jump.

- 8) Scoring:

- a) Faults and corrections from run #1 and run #2 will be added together.
- b) Time (nearest tenth of a second) from run #1 and run #2 will be added together using the official timer's recorded time. If a time is in question the back-up time will be considered.

- d) If a tie exists for the final placing the following criteria will break the tie:

- i. Quickest accumulative time
- ii. Least amount of corrections not converted to faults
- iii. A run off (two new runs) will determine the higher place

AGILITY COMPETITION RULES

- 1) Course: The agility course is set as a square with 20' sides. The run is 2' wide with a ½' foam mat under.

- 2) All rabbits will run the course in the same direction. All teams will have two (2) runs.

- 3) The competition begins and ends on the start platform. Time is started once the rabbit has all four feet off the start platform.

- 4) Handlers are not permitted to step over the jump rails/obstacles or stand on the mat behind their rabbit. Handlers may step on or across the mats between the jumps/obstacles.

- 5) Rabbits must hop through the course on their own free will. The handler may guide a rabbit forward by using a gentle touch on the back or rib area but may not yell or stomp feet to force the rabbit to hop.

- 6) Rabbits must clear all jumps. Each rabbit will have three attempts at an obstacle before the judge will wave the rabbit on to the next obstacle. That obstacle will then be counted as a missed or skipped obstacle.

- 7) Agility Obstacles/Requirements:

- a) Start/End Platform: All four feet of the rabbit must be on the start platform before it can start; time will not stop until all four feet are back on the platform at the end of the course.

- b) Jumps: Rabbits must clear all jumps over the rails between the posts in the direction indicated by the judge without knocking down any rails/posts.

- c) A-Frame: The rabbit must stay on the carpet going up the ramp, cross the apex and move down the ramp with all four feet touching the carpet in the direction indicated by the judge. Rabbits should not leap off the top of the A-frame.

- d) Tunnel: The rabbit must enter the open end and exit the opposite end in the direction indicated by the judge.

- e) Tire Jump: The rabbit must jump through the tire opening in the direction indicated by the judge. There is no penalty if the rabbit touches the tire.

- f) Bridge: The rabbit must stay on the carpeted part of bridge. All four feet must touch the bridge while walking up the ramp, across the bridge and down the other side. The rabbit should not jump off from the top of the bridge or skip the down ramp.

- g) Teeter: The rabbit must stay on the carpeted surface of the teeter while stepping onto it. As the rabbit is moving across the teeter to the pivot point causing it to tilt the rabbit must have all four paws on the teeter as it descends to the ground. The teeter must touch the ground before the rabbit leaves it.

- 8) Scoring: Faults and corrections from run #1 and run #2 will be added together.

- a) Time (nearest tenth of a second) from run #1 and run #2 will be added together using the official timer's recorded time. If a time is in question the back-up time will be considered. The winner is determined by the least amount of faults and then the fastest time.

- b) Tie-breaker Criteria:

- i. Quickest cumulative time
- ii. Least amount of corrections not converted to faults
- iii. A run off (two new runs) will determine the higher place

HIGH JUMP AND LONG JUMP COMPETITION RULES

High Jump

- 1) Course is 2' wide and 20' long.
- 2) Starting height is 10" and will move up 2" until a winner is determined.
- 3) Each team gets three (3) attempts to clear a height. A team will continue at a height until the rabbit clears the jump or is eliminated with three (3) misses. Any rail knocked off is considered a miss. The third miss determines the team's final height.
- 4) Teams may approach the jump from either side during their 30 second approach time. If no jump occurs, it is counted as a miss.
- 5) A team may take a "Pass" at a height and continue when the next height is called.
- 6) Scoring: The highest cleared jump with the least number of misses determines placing.

- a) Tie-Breaker Criteria: starting at the highest cleared height each attempt is compared until the competitors are differentiated by a miss or a higher start height.

- b) If a tie still exists, a Jump Off will take place starting at the last height cleared.

Long Jump

- 1) Course is 2' wide and 20' long.
- 2) Each rabbit gets three (3) attempts to jump a distance during the Semi-Finals. Rabbits which clear 22" will qualify for the Finals. Any rail knocked off is considered a miss. The third miss determines the team's final distance.

- 3) Teams may approach the jump from either side during their 30 second approach time. If no jump occurs, it is counted as a miss. If the rabbit walks across the set rails it is considered a miss.

- 4) During the Finals a team may take a "Pass" at a distance and continue when the next distance is called. Rail distance will advance by 4" increments between 22" and 42". After 42" rail distance will advance by 2" increments.

- 5) Scoring: The farthest jump with the least number of misses determines placing.

- a) Tie-Breaker Criteria: starting at the highest cleared height/length each attempt is compared until the competitors are differentiated by a miss or a higher start height.

- b) If a tie still exists, a Jump Off will take place starting at the last distance cleared.

Scoring

Corrections: A correction is documented any time the handler bends at the waist and touches, snaps or clicks at the rabbit. If the handler bends at the waist and touches the rabbit excessively, it is the judge's discretion to add corrections.

Faults: are totaled in the official scoring system. Faults can be assessed by a specific action or accumulated by a number of corrections. Faults are accumulated by the following:

Straight Line/Crooked Course Faults:

- Three (3) corrections = 1 Fault.
- Team number not easily visible on handler = 1 Fault
- Handler's hand is closer than 24" on the lead = 1 Fault
- Each knocked down rail or post = 1 Fault
- Rabbit jumps outside of the jump posts = 1 Fault
- Lifting rabbit over a jump = 1 Fault (excluding first and last jump)
- Lifting rabbit over the last jump before the lift line = 1 Fault

Class Descriptions for Open Pleasure

Halter

Confirmation being judged. Western or English (Hunt Seat or Saddle Seat). Ponies 56" and under. Miniature horses 38" or less. Regular Judging.

2 and Under Longe Line

The horse is scored on conformation, manners, expression, attitude, jog/trot, lope/canter, and walk and use of circle. Penalties can be applied for failing to walk a minimum distance, jog/trot a minimum distance, or demonstrate the correct lead for a minimum distance. Regular Judging.

Hunter In Hand

Open to all Exhibit animals, using a horse age-appropriate halter or bridle. Entries shall be judged individually standing, and then at a walk and trot on the line in a pre-determined pattern. Emphasis shall be placed on type, conformation, substance, quality and manners. Scoring is 60% Movement, 30% Conformation and 10% Temperament. Regular Judging.

Showmanship

Based on the exhibitor's ability to fit and show the exhibit animal at halter, not confirmation. Exhibitor judged on showing ability, proper attire, tack, and judge's instruction with a predetermined pattern. Shown in the following disciplines: Western, English (Hunt Seat or Saddle Seat) and Draft. Regular Judging.

Pony/Mini In-Hand Hunter (Jumping)

In-Hand Hunter is judged on style, manners, and way of going. Preference given to those horses that cover the course at an even pace, with free-flowing strides, such as a brisk trot or canter. Regular Judging.

In-Hand Trail

The class will be judged on the performance of the exhibit animal over obstacles, with emphasis on manners and way of going. Credit will be given to the exhibit animal negotiating the obstacles with style, without hesitancy and willingly responding to the exhibitor's cues. Special credit should be given to exhibitors who can negotiate obstacles without entering the obstacle or touching the exhibit animal. Exhibit animals shall be penalized for any unnecessary delay while approaching the obstacles. Exhibit animal is to be led through the course with the exhibitor on the left side. The exhibitor should be positioned between the eye and the midpoint of the neck. Exhibitor may change sides to negotiate obstacles. Regular Judging.

Ranch Conformation

The conformation halter class should reward the horse with ideal conformation and correctness. Balance is paramount. Structural correctness, quality of movement and individual characteristics should be evaluated during judging of the Ranch Conformation. The horse should exhibit natural characteristics of a working ranch horse. Horses are to be shown in working type halter, and may be rope, nylon or leather. Horses may not be shown in a lip chain or cord of any kind. No chains, cord, or cable may be used over the nose of the horse. A chain attached to run under the chin is optional. Regular Judging.
